# Health is wealth

Health is the most important asset you have. Every aspect of your life is dependent on your good health. When you work hard to meet your aspirations, sometimes you tend to forget about your health.

Modern day stress, eating habits, sedate life style and family conditions all cause serious damage to your health.

You should always be careful about your health. Take simple and effective steps to ensure your wellness.

## Healthy Lifestyles

Here we are highlighting the importance of healthy lifestyles, and the ways to follow them, for you to have a healthy heart and to live long

### ■ Eat Healthy

Eating healthy diet is important, as diet modifications prevent heart disease.

- Avoid Junk foods- Pizza, Burger, Chips will increase your calories and risk for hypertension, obesity and heart disease
- Avoid Aerated drinks- Pepsi, Coca cola etc
- Avoid SMOKING and ALCOHOL
- Eat lots of Fruits and Vegetables
- Eat FIBRE RICH diet
- Eat 3 times a day
- Breakfast is essential
- The last meal [Dinner] has to be taken 3 hours before going to bed
- Eat Fruits as part of your meals but after an hour from the main course
- Avoid more Sweets and Chocolates
- Drink atleast 1.5 to 2 litres of water everyday
- Take the Stairs instead of the Escalator
- Walking for at least 30 min a day helps to regulate your Blood Circulation and general health
- Do exercise, eat less and eat right- Basic steps to lead a healthy life

### ■ Deep breathing, Meditation, Yoga & Music: Breathing Exercises

- It is an easy stress reliever
- It oxygenates the blood- which wakes up the brain, relaxes muscles & calms the mind
- You can do them anywhere, and they work quickly so you can de-stress in a flash

### ■ Music

- It is one of the most relaxing and spiritually boosting factors in life
- Soft or classical music is relaxing
- When dealing with stress, the right music can lower your BP, relax your body and calm your Mind
- Music therapy has shown numerous health benefits for people with conditions ranging from mild [like stress] to severe [like cancer]

## ■ Smile

- SOUNDS simple- many people tend to miss it and frown instead
- It takes 17 muscles to smile and 41 muscles to frown
- Smile is contagious
- Smile relieves stress; it increases your life span

## ■ Take care of your body

- Eat healthy diet
- Exercise regularly
- Get enough sleep- 7 hours a day
- Think Positive, do Yoga, Meditation
- Have massages
- Be soft and polite
- De-stress to avoid distress

Have a hearty laugh to keep your heart healthy.

## Key Definitions

### Cashless Service

With our cashless service, you don't have to pay hospitalisation expenses or the hospital bills at the end of treatment / discharge except for expenses insured beyond the limit of the plan and/or beyond the T&C of the policy. This facility is available only at the network hospitals. To avail the "Cashless Service" you need to get an authorisation from the TPA. The network hospital will coordinate the authorisation for cashless services with the TPA on your behalf.

The authorisation along with a copy of the Health ID card issued by AEGON Religare Life Insurance & Photo ID (Refer to the list of Photo IDs accepted by TPA ) has to be given to the network hospital at the time of admission. The cashless access at the network hospital is merely a facility extended to the insured and does not guarantee the availability, quality and outcome of the treatment.

Choosing of a network or a non-network hospital is the prerogative of the patient / insured.

**Note:** Cashless Service/ Authorisation is subject to Policy Holder complying all the requirements for availing such service. The TPA may deny cashless authorisation.

### Third Party Administrator (TPA)

TPA shall mean a Third Party Administrator who is licensed by the Insurance Regulatory and Development Authority (IRDA) and is engaged, for a fee or remuneration with an insurance company, for administration of health insurance policies.

### Network Hospitals

Network providers are hospitals and nursing homes who have contracted with our TPA to provide cashless service for inpatient treatment, for ailments, diseases and medical conditions covered under the AEGON Religare Health Plan, to all those who are insured. The list of our network hospitals is provided in a booklet along with the policy document. Please note that the TPA adds or deletes network hospitals regularly; hence to get the most recent list of network hospitals, please call the TPA toll free line at 1800-22-6655 or log on to their website <http://www.paramounttpa.com/AegonReligare>

### Cashless Authorisation

It means a written approval by the TPA for a cashless service to the network provider for the covered expenses.

### Intimation

A communication by the Policy Holder or his/her representatives to the TPA appointed by AEGON Religare Life Insurance for a prospective claim or treatment mentioning the details of treatment, estimated costs, place of treatment, date and duration of treatment.

### Reimbursement Claim

For all types of claims where the Policy Holder has paid for treatments especially at non-network hospitals and has not availed the cashless service at the network hospital, the Policy Holder can claim for reimbursement of the eligible expenses up to the limit of the plan and within the terms and conditions of the policy. **In case of planned hospitalisation, the policyholder is required to intimate the TPA 48 hours prior to the hospitalisation. In case of emergency hospitalisation, intimation has to be within 24 hours of such hospitalisation.**

Please Note: The TPA will authorise “Cashless Service” but it may be denied in the following circumstances e.g.

- In case of any ambiguity in the coverage of the present ailment with respect to the policy terms and conditions based on the documents/ information sent to the TPA or AEGON Religare Life Insurance.
- Any false, manipulated or forged documents and information presented to the TPA.
- The ailment / condition etc. not being covered under the Health plan.
- The insured amount not being sufficient to cover the hospitalisation expenses.
- If the request for preauthorisation is not received by the TPA in time.
- If the information / documents sent to the TPA is insufficient to confirm coverage.

Denial of “Cashless Service” is not denial of treatment. The Policy Holder can continue with the treatment, pay for the services to the hospital, and later send the claim to the TPA for processing and reimbursement. It will be processed and reimbursed as per Terms and Conditions of the Policy.

We appreciate your trust in choosing AEGON Religare Health Plan as your Health Insurance provider. We wish good health to you and your family.
